

FACULTY SENATE

THE UNIVERSITY OF ALABAMA

OMBUDSPERSON ELECTION 2004

RUNOFF

- Pat Bauch ([Vita](#))

"In seeking the position of faculty ombudsperson, I would like to note my experiences in serving the university which I believe uniquely qualify me for this position. I served as Faculty Senate President (2000-2001), Faculty Senate Vice-President (1999-2000), and chair of the university Mediation Committee (1997-1999) handling a number of faculty grievances and participating in the revision of the university's Grievance and Mediation document. I can provide sound advice to faculty members because I am familiar with the university policies and appropriate channels for seeking redress of grievances. I am supportive of faculty and their rights. I am committed to serving the academic community and to social justice for all its members."
