

Policy for Posting to FS Faculty

(The Senate's All-Faculty E-mail Distribution List)

Approved by Faculty Senate at 8/29/00 meeting.

The Faculty Senate Secretary maintains an e-mail distribution list for the entire University of Alabama faculty:

fsfaculty@bama.ua.edu

The only individuals with the ability to post to this e-mail distribution list are the Senate President, Vice President and Secretary. The purpose of this distribution list is to forward e-mail messages to the faculty that impact and relate to the University of Alabama faculty directly. If they do not impact directly, they will not be forwarded. Justification for this policy is as follows: Any information forwarded to fsfaculty@bama.ua.edu carries the implicit endorsement of the Faculty Senate. Along these lines, the Senate officers may choose to preface all forwarded messages with short commentary or a rationale for forwarding a message, if necessary to clarify Senate endorsement.

The following are messages are examples of past messages that have been forwarded to the UA Faculty:

- Letter from the Provost concerning technology grant application deadline.
 - Letter from the Computer-based Honors Program inviting faculty participation.
 - Letter from Legislative Affairs committee concerning political issues of faculty-wide importance.
-
