

RESOLUTION

General Studies & Articulation Joint Resolution w/UA, UAB & Auburn Faculty Senates

While supporting the efforts of the State Articulation and General Studies Committee to articulate a general studies curriculum that will transfer for core credit at each state institution, in order to insure the quality of educational offerings at our universities:

1. We oppose the effort to extend the charge of the State Articulation and General Studies Committee beyond a 41 hour general studies curriculum.
2. We oppose the effort to standardize the general studies curricula at all state colleges and universities by imposing the state general studies curriculum on the native students of degree granting institutions.
