

## **RESOLUTION ON UNIVERSITY RECREATION FEES**

Adopted by Faculty Senate, April 18, 2000

The Faculty Senate

- opposes the establishment of fees for casual tennis and for the use of the natatorium;
- opposes the bundling together of fees for the use of the above, plus the outdoor swimming pool, plus the Student Recreation Center, into one “Recreation Fee;” even if fees are established for casual tennis, and for use of the natatorium, each of these four units should retain a separate fee structure;
- opposes the elimination of family discounts for the outdoor swimming pool and the Rec Center;
- opposes any increase in fees for the Rec Center, or in any bundled fee which includes the Rec Center, in which faculty/staff fees rise at any greater rate or amount than do student fees.
