

# Draft - Faculty Handbook - Draft

This is a draft of the new Faculty Handbook for the University of Alabama. Among other changes from the 1988 Handbook, some appendices have been incorporated into the text while others have been omitted. Please note that changes from the 1988 Handbook are indicated as follows:

1. ~~Interlineations~~ indicate deletions from the original text.
2. *Words in italics* indicate new text.
3. [Words in brackets indicate italicized original text.]

Please note: If your browser does not support the ~~strikethroughs~~ and *italics* in this line, reading this document may be very confusing, since you will not be able to determine easily what has been ~~deleted~~ and what has been *added*. These markings are displayed in Netscape Navigator 3.0. If you have trouble, it may help to use that browser.

The page numbers have been left out for added readability. If you prefer a Table of Contents with the page numbers intact, click [here](#).
