

Resolution on the Implementation of the “Evening/Weekend Only” Parking Permit

The University of Alabama Faculty Senate

Passed on October 16, 2018

Whereas, The University of Alabama’s Transportation Services has announced its intent to implement a new “Evening/Weekend Only” parking permit; and

Whereas, The implementation of this new parking permit will cause an added burden to divisions and departments relating to parking for evening/weekend events and confusion for event participants; and

Whereas, The Faculty Senate believes this would limit campus access to the community at large, resulting in unnecessary strained relations with the community; and

Whereas, The implementation will increase the expenses and work load of Transportation Services to enforce this policy, monitor the campus and provide services for after hour/weekend events on campus; and

Whereas, The implementation will add a financial burden to UA staff, students and adjunct faculty who park on campus only during evening/weekend hours; and

Whereas, After multiple requests, the offices of Transportation Services and Financial Affairs did not provide a detailed budget model.

Therefore, Be It Resolved, That the University of Alabama Faculty Senate opposes the proposed Evening/Weekend only parking permit policy.

Be it Further Resolved, That the University of Alabama Faculty Senate requests that the Evening/Weekend only parking permit policy not be implemented.
